January 2013

Dear Parent/guardian:

And so, as if just in the blink of an eye, 2012 is gone and 2013 is here. So we begin the next semester once again geared up for learning social norms and academics.

In what we anticipate will be a high flu season, we would like to emphasize and work on hygiene issues with the children. Hand washing, and other bathroom skills. We ask that you support and reinforce classroom lessons at home. We anticipate using email whenever possible for maximum and continued communication, so please be sure we have your current and most frequented email address.

As you know, each New Year we ask that parents supply some of the items necessary for the operation of the day care. As you can see from the attached list, these items help us to reduce the spread of germs towards your child's health and safety. By providing these items, parents also help us keep our tuition rates from rising.

Items not needed at this time have been crossed off the list.

Your cooperation is requested.

Thank you,

Your First Friends
